

2007 Application

To ensure a successful recycling program, it is necessary to have an agreement of collaboration to be maintained by all participants. This is an agreement recognizing the responsibilities of each partner.

From the Project Sponsors

- Container for collection
- Free collection services
- Promotional materials
- Program support

From the School & Supporting Group

- Recruitment of recycling team
- Program planning and communication
- Promotion of program
- Active participation in program

Please provide the following information:

School Name: _____

Recycling Coordinator Name: _____

Principal Name: _____

Plant Manager (Custodian) Name: _____

School Address: _____

School Phone: _____ Coordinator Home Phone: _____

Coordinator E-mail: _____ School Fax: _____

Rumpke Recycling will be placing a recycling container on the premises. The school agrees to provide clear access to drop-off and pick-up the container, and warrants that any right of way provided by the school/organization for road access is sufficient to bear the weight of all Rumpke Recycling equipment and vehicles reasonably necessary to perform the service herein. The organization agrees to be responsible in the unlikely event of any damage to pavement or accompanying sub-surface resulting from performing the service provided by this program. You must collect a minimum of 200 lbs. per month to receive a payback.

We, the recycling coordinator, principal and plant manager, agree to support the program.

Recycling Coordinator Signature **Date**

Principal Signature **Date**

Plant Manager Signature **Date**

Micheal Short, Recycle Challenge Coordinator **Date**

Required Information	
Number of Students: _____	Number of Faculty/Staff: _____
Grade Levels at this School: _____	
Number of Visitors to School: _____	

1. Where do you want the 8-yard front load recycling container placed? Keep in mind, the container needs to be accessible by students, teachers and other community members who will drop off cans. Please provide a detailed map of the location.

2. Community support is key to the success of this program. Please list possible community contacts. (ex. PTA, parish, local businesses)

3. Do you have an active PTA, parish council, or similar group that will support your program? Have you contacted them?

4. Do you have aluminum cans in pop machines on campus? If so, how will these be collected for the program?

5. How will you promote this program to the community? Please list the ideas you are considering to kick-off the program, and on-going education/marketing efforts.

6. How will you prevent the container from becoming contaminated with trash?

7. How will you provide feedback to participants?

8. Who should the check be made out to? Please include a name and address.

9. What project will The Recycle Challenge money fund?

10. Please provide additional comments or unique challenges you anticipate.

Please return this completed form to Micheal Short, Rumpke Recycling
1191 Fields Avenue, Columbus, OH 43201
or fax to (614) 421-2797 or e-mail to micheal.short@rumpke.com. Thank you!
